## UTSAV

UTSAV '26 was a vibrant celebration of talent, creativity, and cultural harmony, showcasing the spirit of our students from Grades I to IX and XI. On 10th of January the evening commenced with an electrifying **Band performance**, followed by a graceful **Invocation dance** and a warm **Welcome address** by Head of Schools. A melodious mash-up Group song set the tone for the festivities. Young performers charmed the audience with lively **Rock and Roll** and **Disco Dances**, while Malayalam and Tamil folk songs

paid a powerful tribute to regional heritage. The English play, **Disney's 100 Years of Wonder**, transported viewers into a magical world, and the inspiring play on **Dr. A.P.J. Abdul Kalam** highlighted resilience and vision. Performances like **Ther Thiruvizha**, **World on Beats** and **Punar Nava** beautifully blended tradition with contemporary styles. ## Switch Off the Screen Switch On Your Life!

*A Message from Your Teacher on Smart Screen Use & Time Management*

Dear Students,

In today's digital world, screens are everywhere—mobiles, TVs, tablets, and laptops. They help us learn and stay connected, but too much screen time can harm our health and habits. Like too much sugar, it may feel fun at first but is unhealthy in the long run.

Excessive screen use can cause eye strain, poor posture, lack of focus, disturbed sleep, and stress. It also steals time from outdoor play, hobbies and interactions. That's why it's important to pause, plan, and play smart.

### Smart Tips for Screen & Time Management:

- Plan your day with a balanced timetable for study, rest, play, and limited screen time.
- Use your morning "golden hours" for learning.
- Keep screen-free times—especially during meals and before bed.
- Go offline and enjoy reading, art or family time.
- Try a Tech-Free Sunday to refresh your mind.

Time is precious and never returns. Use it to learn new skills, help at home, and set goals.

Remember, screens are tools - not your life. Choose less scrolling and more living, and grow into your best self.

## Promise for the Year 2026

### **Goodness and mercy shall follow you**

**Goodness** represents God's provision, favor, and kindness (giving you what you don't deserve).

**Mercy** represents God's forgiveness, patience, and love that covers your mistakes (not giving you the punishment you might deserve).

The word "follow" is not passive; it doesn't mean goodness and mercy are slowly tagging along behind you. In the original Hebrew, the word is radaph, which means "to chase," "to pursue," or "to hunt down".

Imagine being chased—not by fear, not by trouble, not by stress—but by two relentless, divine bodyguards: Goodness and Mercy.

## The Importance of the Hindi Language

Language plays a vital role in shaping cultural and social identity. In a diverse country like India, it is more than a means of communication—it reflects heritage, values, and unity. Among India's many languages, Hindi holds a special place as

the most widely spoken language, serving as a bridge that connects people from different regions and backgrounds.

Hindi has deep historical roots, originating from Sanskrit, one of the oldest languages known to humanity. Over time, it evolved naturally, carrying forward the richness, simplicity, and wisdom of Sanskrit into daily life and literature. Through stories, poems, songs and modern media, Hindi preserves India's cultural traditions and connects generations to the nation's past.

As a Hindi teacher, I have witnessed how learning the language builds students' confidence and enhances their ability to express thoughts and emotions clearly. Promoting Hindi is not merely preserving a language—it is honouring our cultural legacy and passing it on to future generations.
